Erratum: Comment on “Upper Critical Dimension of the Kardar-Parisi-Zhang Equation”
[Phys. Rev. Lett. 80, 887 (1998)]

T. Ala-Nissila

[S0031-9007(98)06290-5]

The value of $\chi(4 + 1)$ quoted in the text is given incorrectly as 0.141(1). The correct value, which has been obtained by fitting to the saturated width $w(L)$ with system sizes ranging from 18^4 to 35^4 , is $\chi(4 + 1) = 0.247(1)$.
